## LONG RANGE IDENTIFICATION & TRACKING OF SHIPS (LRIT)

### INSTRUCTIONS TO RECOGNISED AND AUTHORISED SERVICE PROVIDERS REGARDING CONFORMANCE TESTING OF LRIT EQUIPMENT ONBOARD ST. KITTS & NEVIS SHIPS

Further to your appointment by this Administration for the above, please take note of the following information & instructions regarding your services.

St. Kitts & Nevis International Ship Registry (**SKANReg**) has contracted with the following Commercial Service Provider to operate our National Data Centre. Any questions regarding your interaction with our National Data Centre, should be sent to Securewest with a cc to **SKANReg**.

Our policy is for our Maritime Registrars to be the local point of contact for owners & managers. A list of our Maritime Registrars is on our website. Please feel free to contact an owner's Maritime Registrar if required or send them any promotional or contact information for distribution to their owners.

Testing of ships that are required to be 'LRIT compliant' is to be completed by 31<sup>st</sup> December 2008.

Once a test is successfully completed, it is not necessary for the equipment to be 'left on' transmitting to our National Data centre. Transmissions in accordance with the LRIT requirements will be started at the 1<sup>st</sup> Safety Radio Survey from which the ship has to be compliant.

Once you have issued a Conformance Test Certificate, please send a copy to this office by email or regular mail for the ships records.

The points of contact in this office are the following:

- Miss Jas Viridi – Registration Executive
- Mr Dave Swaffield – Registration Executive
- Miss Charlotte Kurner – Assistant Registration Executive
- Mr Alan Crass – Technical & Survey Manager (resident in St. Kitts)
  
- Please direct all emails ONLY to [mail@stkittsnevisregistry.net](mailto:mail@stkittsnevisregistry.net).

If you have any questions about these instructions, please do not hesitate to contact us.

Yours truly,
